with a friend.

Getting a pet

Gail: Missy had babies. Would you like one? It's easy to have a cat as a pet. They keep themselves busy.

Lily: Wow, that would be wonderful! I love cats and to be honest, I am quite lonely.

Gail: If you take two kittens, it would be good. They love playing together.

Lily: Even better. Thank you so much!

I am scared of snakes

Steven: Do not mess with my snakes. They are dangerous.

Andy: No, I will never touch them. I'm too scared.

Steven: They are actually very interesting pets. I can sit for hours and watch them.

Andy: No thank you! Give me man's best friend and I'll be happy!

Steven: Well, my mom wants to know whether you want one of the puppies of our dog?

Andy: Of course, I would love one!
