

Movies

Essential words to know, which your teacher will explain to you.

ticket	poster	actor
cast (n & v)	director	producer
character	shoot	movie set
costumes	subtitles	special effects
big screen	popcorn	box office
Oscar	role	double
stunts	plot	scene
sensor	extra	script
age limit	premiere	soundtrack

1. Surprise! I got us two **tickets** to the movies tonight!
Remember that **poster** we looked at the other day. We're going to see that movie. It is brilliant!
2. The **director** is Peter Newman, right? He is excellent. I love his movies.
3. The movie also has a very famous **producer** and **actors**. Part of the movie is in French, so they use **subtitles** for us to read.
4. Mhmm, okay. That sounds interesting!
5. Do you know what the **plot** is about?
6. A kind of a thriller and some of the **scenes** are very scary. I think there's an **age limit** of 18 years.

After the movie

7. That was now really good value for money. I loved the **stunts** and it has a very interesting **plot!** Wow!
8. I also liked the **soundtrack**. The song is sung by Coldplay. I think it is going to be a great hit for them.
9. I believe the movie made a record amount of money at the **box office** after the **premiere**. It is very popular all over the world, but in some countries, the governments **censored** it. They felt some of the **scenes** are too bloody.
10. There are a lot of **extras** in the movie. Wonder where they found them! A lot of strange **costumes** that they had to wear! Excellent **script** and **acting!**
11. Yes, and very scary **characters!**
12. Tell me, where was the movie **shot?**
13. I think it was Scotland.
14. Mhmm, there were quite a lot of old buildings in the movie. A very historical country and perfect for this kind of **storyline**.
15. This is a movie we should never watch on our computers. The **big screen** is a must to get the full impact of the **special effects**, the **costumes**, the **soundtrack**, etc.
16. Absolutely! I agree!
