with a friend.

### At the Greek Islands

- Annie: Tina, our **ferry** to Paros Island is tomorrow at 7 o'clock.  
Tina: How long does it take to get there?  
Annie: About two and a half hours.  
Tina: We can eat breakfast here and then take a **taxi** to the port and get the **ferry**.  
Annie: Yes, fortunately, we only have our backpacks to carry.

### London City

- Annie: Our hotel is in the city center. We can take the **train** to The Cotswolds and **rent a car** there to travel around.  
Tina: Yes, that's okay. The car option is not too expensive and then we can decide where to go.  
Annie: Exactly, that's how I feel.

### Edinburgh

- Annie: I think we can travel around the city by **bus**. It's cheap and easy.  
Tina: I agree.

## San Francisco

Annie: I am so excited to travel with the **tram**. It's a beautiful old vehicle. We can get off near Lombard Street and walk up the road and get a **taxi** back to our hotel once we're at the top.

Tina: Yes, that sounds good. The street is zig zag and very famous. I wouldn't want to drive a **car** there. So walking sounds great and then we can also look at the beautiful houses. The view is amazing from there.

## Vancouver - Lake Louise

Annie: I bought tickets for the **coach** to Camden. Then we sleep there for one night and take a **bus** to Lake Louise.

Tina: Good. How long do we stay at Lake Louise?

Annie: Three days. There's a nice walking trail around the lake, up the mountain and we can go **canoe** riding on the lake. It is going to be good.

Tina: Yes. This time of the year the scenery is amazing. The color of the water is so beautiful.
