Countries & Nationalities

Create Your Own Imaginative Country With Its Name, Nationality, Language, And Culture.

Imagine you could create your own country with its nationality, language, and culture. You can choose on which continent you would like it to be, its population, environment, food, etc.

Once you have finished, you can present your country to the class or a friend.

My country will be called: _____

It will be located in _____ (continent).

My country's food: _____

My country's culture: _____

My country's nationality and capital city: _____

My country's climate: _____

My country's population: _____

My country's environment: _____
