

Discussion Questions

Space

Student A

1. Have you ever looked into space with a telescope?
2. Would you like to work for a space company like SpaceX?
3. What is your favorite space movie or TV show?
4. Do you think we get visited by aliens on earth? If yes, how often?
5. Things we see in sci-fi movies seem to come true many years later. What have you seen that you hope comes true one day?
6. Can you see many stars in the sky from where you live?
7. Do you think it is fun to “float” if there is no gravity (*like in space*)?
8. Do you think it is fun to eat in space with your food floating in the air?
9. How would you feel if you couldn't take a shower for a few months? There is not enough water in space, so you can only wipe yourself with a wet cloth.

Student B

1. Space tourism has just begun. How would you feel if you won a trip to space?
2. What is the most interesting thing you know about space?
3. Do you believe in life on other planets?
4. Would you like to be abducted by aliens? (*Taken away by aliens*)
5. Would you like to be part of a new colony on another planet, like Mars for example?
6. How would you feel if you knew you couldn't come back from Mars?
7. Would you like to walk your dog if there is no gravity?
8. Do you think it is easy to drink something in space if there is no gravity?
9. There are no dishes to wash in space (*because there is not enough water*), so everything is crushed and thrown away. Do you like this idea?
