

## ADJECTIVES

### 1. What is this shape?

Draw these four shapes on the blackboard. Elicit the answers from the students. You can also give the students an electronic copy of Activity 1, print it, or display it on the projector to help them with the answers.

Triangle: What part of a building is triangle shaped?

Circle: What part of a bicycle is shaped like a circle

Square: What is a square shape and hang on our walls?  
We can see the time on it.

Rectangle: What thing that you read is shaped like a rectangle?

Activity 1
