**Question:** 'What is your cell phone number?'

**Answer:** 'It's [NUMBER].'

Write this number on the board: 700 555 5555 666 111

Ask the students how we can remember this number in an easy way.

Write on the board underneath 00 - double; 555 - triple; 5555 - double 5 double 5 or triple 5 5, 666 - triple 6 or double 6 6 and 111 - triple 1 or double 1 1.

Create a couple more of these "double" numbers and let students practice this by repeating them to their partners.

Also, point out that we can use the following for a 0:

'Zero; naught; or oh'
