

## WHERE IS IT?

### 1. Basic Prepositions

Together with your teacher, go over the following 'prepositions of place' and learn how to use them.

Near, close, in, on, under, between, in the middle of, behind, opposite, across from, in front of, on the left of, on the right of, above, below, next to.

Typical questions:

'Where is my pen?'

'It is under the table next to the cat.'
