

ACTIVITIES AND LOCATIONS

1. **Head and Tails**

Sit in a circle. Tell your teacher what you like to do in your free time.

2. Once you have all spoken to the teacher, go around in a circle again. Practice the following sentences. Once you understand what to do, you can start and create your own sentences.

Example:

First student: 'I eat breakfast before school.'

Next student: 'I walk to the bus stop to catch the school bus.'

Next student: 'My first class is math,' etc.

This is a fun activity. Use your imagination, create funny sentences, anything that you like. Have lots of fun!
