

Bicycle discussion.

HOLLAND

Student A

1. Do you have a bike? If yes, how often do you use it?
Where do you keep it?
How many gears does it have?
2. At what age should children learn to cycle?
3. Did you, or do you, cycle to school/work?
4. Should cities have two cycling lanes; one for people who are in a hurry and one for families on an outing?
5. Have you ever been caught cycling in the rain? Were you soaked?
6. Have you ever ridden a tandem? Did you sit at the front or the back?
7. How dangerous do you think cycling is? Why?
8. Is your country a bicycle-friendly country?
9. Do you know why a bicycle is called a bicycle and a tricycle a tricycle?
10. Would you cycle to school/work if you had secure, undercover parking for your bicycle?

Student B

1. Can you ride a bike? If so, when did you learn? Was it easy?
2. Did you have a tricycle as a kid?
3. Do you think it's a good idea for primary schools to teach kids how to cycle?
4. Is it easy to cycle in your city? Are there many hills or are the roads flat?
5. Have you ever gone on a cycling tour/holiday?
Where did you go? How long for?
How many kilometers did you do a day?
Whom did you go with? Where did you stay?
Would you do it again?
6. Have you ever fallen off your bike? Were you hurt?
7. What is the longest distance you have cycled?
8. Do you wear a helmet when you cycle? Do you wear any other protective clothing?
9. What are the advantages of a bicycle over a car?
10. Will more people cycle to work if they can pay less tax than car drivers?
