

# Where are you?

## INTRODUCTION

Lots of fun. Students love this activity!

There is always one student who has better knowledge about what's happening around the world; don't allow this student to answer all the questions. If he/she raises his/her hand, ask him/her to hold on, and tell them you want to give everyone a chance and that you will come back to him/her if no one else can answer the question.

**Preparation:** Make a few copies of the handout (pg. 2) and give one to each student, or give it to them electronically. Keep one for yourself!

**NB - Give handout's after you have done the 16 Questions!**

**Step 1:** Write the numbers 1–16 on the top of the board. As high up as possible.

1 2 3 4 5 6 7 8 9 10 11 12 13 14 15 16

**Step 2:** The 16 questions are on the next PDF (*16 Rooms & Places*).

**Step 3:** Write the answers under the number, big enough so all the students can read it.

**Example:** Rooms

1 2 3 4 5 6 7 8 9 10 11 12 13 14 15 16  
Kitchen Lounge Study etc .....

**Start Here**

**Step 4:** Link the answers as in the pic above and go to the next PDF with the 16 quiz questions to begin.
