

GUIDELINE

MONEY

Lesson Objectives

This lesson introduces how to use money.

Target Language

We can deposit and withdraw money at the ATM. We can use cash, credit card or our phones to pay for goods. We need to work out a budget and save money. Money doesn't grow on trees. We need to work for our money.

Vocabulary

bill, note, cash, digital payment, credit card, ATM, save, deposit, withdraw, savings account, scan, QR code, budget, earn, expenses, salary, pocket money, responsible, etc.

Talkmor suggestion:

Tell your students that you are going to test their comprehension ability with a short article.

The students should take turns reading the article. Correct pronunciation. Explain any unfamiliar vocabulary. Let the students repeat the word after you to get the correct pronunciation.

Students read the article for a second time, softly.

Finally, the students answer the comprehension questions and complete the worksheets.
