

Teacher's Guide.

LIKE WANT NEED

Lesson Objectives

Students learn the difference between like, want and need and practice using it.

Target Language

She likes to eat snacks.	They like to eat pancakes.
I like to eat toast.	You like to play football.
We want to eat popcorn.	He wants to dance.
You want to eat.	It wants to play.
He needs to relax.	We need to study.
I need to eat vegetables.	It needs to sleep outside.

Vocabulary

Need / needs
Want / wants
Like / likes

Need - Do you really **need** the things you say you need? **Needs** are things that we **need** to survive. We **need** air, food, and water. **Needs** can also be called '**musts**' because they are things we **must** have.

Want - **Want** is not a **need**, but it is also important in our lives; for example "I **want** my own room".

Like - **Like** is less important than Need or Want. **Like** is sometimes just like a nice dream; "I would **like** to win the lottery!"

What would you **like** for your next birthday?
