

# Teacher's Guide.

## TAKE THE TRAIN

### Lesson Objectives

Students learn new vocabulary related to taking the train, practice asking and answering questions about taking the train and talk about the differences in two pictures.

### Target Language

We are going to London **by** train.

We booked a **second-class compartment**.

We will go to the **station** early.

We bought a **one-way ticket**.

The **platform** is long.

The **dining car** is in the middle of the train.

Etc.

Etc.

Traveling by train is the best way to travel and see a country. It's romantic, comfortable, easy, and a great way to see some fantastic views.

Airports are always outside the city, whereas train stations are located right in the middle of town. You don't have to spend time and money traveling into the city because you're already there.

Trains now accept electronic tickets— that means no waiting in ticket lines, making planning your train travel even easier.
