## FILL THE GAPS

Before you can fly anywhere you need to \_\_\_\_\_. This is when they take your \_\_\_\_\_ and look at your ticket and \_\_\_\_\_. After you've checked in you also need to go through \_\_\_\_\_ where they check your hand luggage and you walk through a \_\_\_\_\_.

You can now buy some gifts at the \_\_\_\_\_ and then move on to the \_\_\_\_\_ where you wait for your flight to \_\_\_\_\_.

When the airline calls the passengers to the boarding gate, you will have to show your \_\_\_\_\_ before you can board. Once you are on the plane, a \_\_\_\_\_ will show you to your seat and help you with your carry-on bag.

If you have a \_\_\_\_\_ you will have a good view when the plane take-off and lands. After you landed you must go to \_\_\_\_\_ to collect your luggage.
