

Basic 1 first review game.

How It Works - 4 Players per group

Throw the dice and the player with the lowest score asks the questions and gives the answers. This player does not take part in the game, but it is his duty to give the answers and keep the score.

For every **correct** answer, the player gets **5 points**.

For every **wrong** answer, the player loses **2 points**.

If the players don't know the answer, ask the teacher for a clue!
