

BODY PARTS

Lesson Objectives

This lesson introduces the basic parts of our bodies. Students learn how to use the vocabulary in a sentence and what various body parts can do.

Target Language

You use your eyes to see.
You can also take a hairbrush and brush your hair.
You can carry your school bag on your back.
When you wake up in the morning, you must wash your face.
You can count on your fingers.
You put your shoe on your foot.
Etc.

Vocabulary

Head	Hands	Arms	Legs
Nose	Mouth	Feet	Eyes
Ears	Face	Fingers	Toes
Head	Elbow	Right	Left

Etc.

Body parts are fun to teach. There is something about Body Parts for every student in your class. Challenge your better students with what certain body parts can do and add other body parts if they can answer all your questions.

Keep the easier Body Part questions for the students who are not so good in English. This way they don't feel left out and answering easy questions can help them grow their confidence.

PS - More worksheets in the **Beginner Category** if this is too easy for your students.
