

HARD WORK

Describe A Time You Worked Hard

Where When Why?

Think of many things i.e. when you did the hard work, where it was done, and why you did it. Were you alone, or did someone help you? Etc.

Who and when?

Think of your family members. Who works hard? When do they work hard? Do they always work hard? Who doesn't like to work hard and who doesn't like to do anything?
