SHOPPING

Write some sentences in the box below about your family and their shopping habits. For example, my father sits in the coffee shop and waits for my mother, my mother always shops till she drops, my sister loves buying shoes, my grandpa buys a book every time he sees a book shop, etc. You can use the “Wh” question words to help you with your writing for example “Who” does your mother go shopping with? Or “who” doesn’t your mother/wife/girlfriend/sister like to go shopping with?
