

A BEACH HOLIDAY

Summer is a wonderful **season**. We live **close** to the beach and my best friend and I always go for a swim on a Saturday morning.

I bought a new **swimsuit**. It is a bright pink color and I also bought a beautiful **towel**. I always wear my **flip-flops** and **sunglasses** to the **beach**. The sunglasses protect my eyes and I put some **sunscreen** on my **skin**.

My friend is a very good **surfer**. She likes to ride the **waves** on her **surfboard**. She is very good at the water. I am a little scared and prefer to read a book when she goes surfing. The waves are big and two **lifeguards** are always on the **lookout** for people who might be in **trouble**. They are very good **swimmers**.

We do not stay in the sun too long. My friend wears a **wetsuit** when she surfs. It keeps her body warm and protects her against the **sun's rays**. I wear a **hat** and sit under the **beach umbrella** for some time. The umbrella is quite big.

Sometimes I join my friend and we do some **snorkeling**. We wear **goggles** and **flippers**.

Many people go to the beach on the weekend. The sun gives us a nice **tan**. We can wear **shorts** and a **T-shirt**, a **sundress** or a beautiful **sarong** on the beach.

Famous beach holidays are Bali, Mauritius, Seychelles, Thailand, and Indonesia. Many families go on a beach holiday during Christmas. It is a fun holiday, full of activities and **parties**.

It is very nice to stay in a good **hotel** on the **beach**. You can eat **delicious** food and the **local** people perform some beautiful dances in the evenings. You can sit at the bar and drink a **cocktail**. It is made of **fruit** and **alcohol**.
