

PROBLEMS DEBATE

1. *Choose one of the problem debate topics below.*
2. *Decide which of you or your partner is for/against the topic.*
3. *Take 5-6 minutes and research some basic info about your topic.*
4. *Prepare and start the debate when both parties are ready.*

1. Plastic bottles pollute the earth. Bottled water should be banned.
2. Drone strikes often kill civilians. The United States should rethink its use of drone strikes abroad.
3. Cow's milk and other dairy products have been linked to quite a few health issues and are bad for the environment. Cow milk should be replaced by plant-based milk.
4. All governments in the world need to collect more taxes for various reasons. Churches, temples, mosques, synagogues, etc. should remain tax-exempt.
5. Uber is one of the top three most hated brands on social media, yet it's convenient and very popular. These ride-hailing companies, such as Uber (and others), benefit society overall.
6. Did you ever learn anything from doing homework? Homework should be banned. One doesn't necessarily learn anything from it.
7. Do the youth have enough life experience when they graduate from high school? Teenagers should be able to do part-time jobs, or volunteer work, after school, to learn about life.
8. The negative influence social media has on teenagers. Mobile phones should only be given to teenagers once they graduate from high school.
9. The benefits of online and traditional study. Traditional study should only be from Tuesday to Thursday. All Monday and Friday classes should be online.
10. Should animal testing be banned in the makeup industry? All animal testing should be banned.
11. A universal basic income should be everyone's right. Will it be more beneficial to society?
12. Schools should do away with homework altogether. Homework is considered a way to keep children out of trouble.
