

Find the correct words.

FILL THE GAPS

The Wild Boars (Thai Soccer Team)

Tragically	battle	twisted	coach	mission
extricate	flash	squeezes	stalactites	elevated

After soccer practice in June 2018, 12 members of a Thai soccer team and their _____ decided to explore the nearby Tham Luang cave, one of Thailand's longest.

The boys, ages 11 through 16, and their coach, 25, waded into the waters and began exploring the cave. When a _____ flood came, they pushed deeper inside, eventually making their way to an _____ platform four kilometers into the cave system. The flood filled the _____ cave system with water, trapping the boys for 17 days. For the first nine days, they had no food and relied on dripping _____ for water.

Surviving that long was only half _____, though. Thai Seals entered the cave to help and hang out with the boys as rescuers planned how to _____ them safely. Over the course of a three-day _____, divers retrieved each player and their coach.

The arduous journey to the surface required each boy to wear a full-face diving mask, be tethered between two divers, and swim for hours through turns and exceedingly tight _____. Thanks to the efforts of Thai Navy Seals and the international dive community, all survived and were able to quickly return to a normal, healthy life after the rescue.

_____, one former Thai Navy Seal died in the rescue effort.

Teacher's Key

The Wild Boars (Thai Soccer Team)

After soccer practice in June 2018, 12 members of a Thai soccer team and their **coach** decided to explore the nearby Tham Luang cave, one of Thailand's longest.

The boys, ages 11 through 16, and their coach, 25, waded into the waters and began exploring the cave. When a **flash** flood came, they pushed deeper inside, eventually making their way to an **elevated** platform four kilometers into the cave system. The flood filled the **twisted** cave system with water, trapping the boys for 17 days. For the first nine days, they had no food and relied on dripping **stalactites** for water.

Surviving that long was only half the **battle**, though. Thai Seals entered the cave to help and hang out with the boys as rescuers planned how to **extricate** them safely. Over the course of a three-day **mission**, divers retrieved each player and their coach.

The arduous journey to the surface required each boy to wear a full-face diving mask, be tethered between two divers, and swim for hours through turns and exceedingly tight **squeezes**. Thanks to the efforts of Thai Navy Seals and the international dive community, all survived and were able to quickly return to a normal, healthy life after the rescue.

Tragically, one former Thai Navy Seal died in the rescue effort.
