

## LIFE

*Fill in the gaps with words that relate to your life. This is a fun activity and it wants you to be a little creative. Think of nice and interesting words you can use to fill the gaps.*

**Example:** Life is like a box of chocolates. It starts off as a big book/page waiting for you to scribble all over it with your pencil. ETC.

Life is like a \_\_\_\_\_. It starts off as a big \_\_\_\_\_ waiting for you to scribble all over it with your \_\_\_\_\_. Every day, it throws new \_\_\_\_\_ at you, like when your dog \_\_\_\_\_ your homework.

Some days are awesome, full of \_\_\_\_\_ and funny moments that make you laugh until you \_\_\_\_\_. Other days can be pretty \_\_\_\_\_ and boring, like when you're stuck in traffic on the way to \_\_\_\_\_.

As we go through life, we meet all sorts of \_\_\_\_\_ who become our partners in crime, sharing inside jokes and lots of \_\_\_\_\_. Together, we ride the ups and downs, supporting each other when life \_\_\_\_\_ us a curveball. Along the way, we figure out what we're passionate about, whether it's \_\_\_\_\_ or \_\_\_\_\_.

Life is like a giant playground full of \_\_\_\_\_ and possibilities. We pick different paths, hoping to find something that makes us \_\_\_\_\_ and gives us a reason to jump out of bed in the morning. Sure, there are times when we stumble and fall, but those moments just make us \_\_\_\_\_ and ready to take on the next challenge.

When we look back on our journey, our canvas is a crazy collage of \_\_\_\_\_ and memories, a snapshot of all the \_\_\_\_\_ we've been through. Each little piece tells a story about the \_\_\_\_\_ we've made and the \_\_\_\_\_ we've met along the way.
