1. Choose one of the above countries that you like **[not your own country]**
2. Do some quick research and make a few notes.

1. To have a good discussion, research some interesting information:

The history of a dish you find interesting.  
Ingredients and how to prepare the dish.  
Other information that you think is interesting and worth sharing?

2. When you have finished the research, read through your notes and think of the easiest and most understandable way to tell your story to your partner.
3. Take turns sharing the information you found.
4. Use the 5 x “Wh” words to start a mini conversation about your findings.
5. Listen carefully to your classmate's findings and think of some questions you can ask him/her.
6. Have a conversation/debate and see how long you can discuss the topic.
7. When you have finished, talk to another classmate if you have enough time.
