

# ANIMALS IN AFRICA

## Black & White And Cute All Over

water-proof	spots	water	over	ruler
African	chest	hunting	covered	nests

Have you ever heard of the \_\_\_\_\_ penguin? Most people have never heard of penguins that live in Africa. The \_\_\_\_\_ around Cape Town is very cold and this is where the penguins live. The penguins are \_\_\_\_\_ in black and white \_\_\_\_\_ feathers which keep them dry and warm. They also have black \_\_\_\_\_ on their white \_\_\_\_\_. They are about two \_\_\_\_\_ lengths tall and weigh between 2.5 and 4 kgs.

African penguins eat small fish like sardines, and when they are \_\_\_\_\_, they can swim as fast as 20 km/h.

They build their \_\_\_\_\_ on the sandy beaches, often under the bushes, and usually lay two eggs.

The African penguin populations are getting smaller. This is because of \_\_\_\_\_ fishing and oil pollution.

=====

## Prepositions

1. Lions are found \_\_\_\_\_ (in / on) the savanna grasslands of Africa.
2. Zebras live \_\_\_\_\_ (in / next to) herds for protection from predators.
3. The Nile crocodile waits patiently \_\_\_\_\_ (in / under) the water for its prey.
4. Hippos spend most of their days \_\_\_\_\_ (in / at) the water to stay cool.
5. During the dry season, elephants travel long distances \_\_\_\_\_ (in search of/for) water.
6. Baby chimpanzees learn important skills \_\_\_\_\_ (from / by) watching their mothers.
7. The fastest land animal, the cheetah, can reach speeds of up to 70 mph \_\_\_\_\_ (in / during) short bursts.
8. Many African birds migrate \_\_\_\_\_ (south / north) for the winter.
9. \_\_\_\_\_ (Before / After) sunset, nocturnal animals like hyenas become active.
10. The African grey parrot is known for its intelligence \_\_\_\_\_ (at a young age / as a young parrot).

## Teacher's Key

Have you ever heard of the **African** penguin? Most people have never heard of penguins that live in Africa. The **water** around Cape Town is very cold and this is where the penguins live. The penguins are **covered** in black and white **waterproof** feathers which keep them dry and warm. They also have black **spots** on their white **chests**. They are about two **ruler** lengths tall and weigh between 2.5 and 4 kgs.

African penguins eat small fish like sardines, and when they are **hunting**, they can swim as fast as 20 km/h.

They build their **nests** on the sandy beaches, often under the bushes and usually lay two eggs.

The African penguin populations are getting smaller. This is because of **over** fishing and oil pollution.

### Prepositions

1. Lions are found **in** (in / on) the savanna grasslands of Africa.
2. Zebras live **in** (in / next to) herds for protection from predators.
3. The Nile crocodile waits patiently **in** (in / under) the water for its prey.
4. Hippos spend most of their days **in** (in / at) the water to stay cool.
5. During the dry season, elephants travel long distances **in search of** (in search of / for) water.
6. Baby chimpanzees learn important skills **from** (from / by) watching their mothers.
7. The fastest land animal, the cheetah, can reach speeds of up to 70 mph **during** (in / during) short bursts.
8. Many African birds migrate **south** (south / north) for the winter.
9. **After** (Before / After) sunset, nocturnal animals like hyenas become active.
10. The African grey parrot is known for its intelligence **as a young parrot** (at a young age / as a young parrot).
