

## ANIMALS IN THE WILD

### Match the Columns

Match the animals in Column A with the descriptions in Column B.

Column A	Column B
1. Elephant	a. This animal is known for its trunk and tusks.
2. Lion	b. Known as the king of the jungle.
3. Giraffe	c. This animal has a long neck and legs.
4. Zebra	d. It has black and white stripes.
5. Kangaroo	e. This animal can jump very far with its strong legs.
6. Penguin	f. A bird that cannot fly but is an excellent swimmer.
7. Tiger	g. This big cat has orange fur with black stripes.
8. Polar Bear	h. Lives in the Arctic and has white fur.

### Fill-in-the-Gaps

Fill in the blanks with the correct animal-related word.

fly    stripes    giraffe    polar bear    elephant

- The \_\_\_\_\_ is the largest land animal.
- A \_\_\_\_\_ lives in the Arctic and has a thick coat of white fur.
- Zebras are known for their black and white \_\_\_\_\_.
- A \_\_\_\_\_ is the tallest animal in the world.
- Penguins are birds that cannot \_\_\_\_\_ but are excellent swimmers.

### True or False

Read the statements about wild animals and write True or False.

- Lions are herbivores. \_\_\_\_\_
- Elephants use their trunks to drink water. \_\_\_\_\_
- Penguins can fly. \_\_\_\_\_
- Giraffes are the tallest land animals. \_\_\_\_\_
- Kangaroos carry their babies in a pouch. \_\_\_\_\_

## Animal Habitats

Match the animals in Column A with their habitats in Column B.

### Column A

1. Polar Bear
2. Kangaroo
3. Penguin
4. Lion
5. Camel

### Column B

- a. Savanna
- b. Arctic
- c. Ocean
- d. Desert
- e. Grasslands

## Reading Comprehension

Read the passage and answer the questions.

**Passage:** The African savanna is home to many wild animals, including lions, elephants, and zebras. Lions are carnivores and hunt in groups called prides. Elephants are herbivores and live in herds. Zebras have black and white stripes that help them blend into their surroundings.

### Questions:

1. What kind of groups do lions live in?
2. What do elephants eat?
3. How do zebras' stripes help them?

## Role-Play

Work in pairs. **Student A** is a zookeeper, and **Student B** is a visitor asking about the animals. *(use full sentences and provide detailed answers)*

Student A: What animals do you have in the zoo?

Student B: \_\_\_\_\_

Student A: How do you take care of the elephants?

Student B: \_\_\_\_\_

Student A: \_\_\_\_\_

Student B: \_\_\_\_\_

Student A: What do lions eat?

Student B: \_\_\_\_\_

Student A: \_\_\_\_\_

Student B: \_\_\_\_\_

# Teacher's Key

## Match the Columns

Match the animals in Column A with the descriptions in Column B.

**Key:** 1-a 2-b 3-c 4-d 5-e 6-f 7-g 8-h

Column A	Column B
1. Elephant	a. This animal is known for its trunk and tusks.
2. Lion	b. Known as the king of the jungle.
3. Giraffe	c. This animal has a long neck and legs.
4. Zebra	d. It has black and white stripes.
5. Kangaroo	e. This animal can jump very far with its strong legs.
6. Penguin	f. A bird that cannot fly but is an excellent swimmer.
7. Tiger	g. This big cat has orange fur with black stripes.
8. Polar Bear	h. Lives in the Arctic and has white fur.

## Fill-in-the-Gaps

Fill in the blanks with the correct animal-related word.

fly	stripes	giraffe	polar bear	elephant
-----	---------	---------	------------	----------

1. The **elephant** is the largest land animal.
2. A **polar bear** lives in the Arctic and has a thick coat of white fur.
3. Zebras are known for their black and white **stripes**.
4. A **giraffe** is the tallest animal in the world.
5. Penguins are birds that cannot **fly** but are excellent swimmers.

## True or False

Read the statements about wild animals and write True or False.

1. Lions are herbivores. False
2. Elephants use their trunks to drink water. True
3. Penguins can fly. False
4. Giraffes are the tallest land animals. True
5. Kangaroos carry their babies in a pouch. True

## Animal Habitats

Match the animals in Column A with their habitats in Column B.

**Key:**            1-b            2-e            3-c            4-a            5-d

### Column A

1. Polar Bear
2. Kangaroo
3. Penguin
4. Lion
5. Camel

### Column B

- a. Savanna
- b. Arctic
- c. Ocean
- d. Desert
- e. Grasslands

## Reading Comprehension

Read the passage and answer the questions.

**Passage:** The African savanna is home to many wild animals, including lions, elephants, and zebras. Lions are carnivores and hunt in groups called prides. Elephants are herbivores and live in herds. Zebras have black and white stripes that help them blend into their surroundings.

### Questions:

1. What kind of groups do lions live in?     Prides
2. What do elephants eat?                    Plants (herbivores)
3. How do zebras' stripes help them?       Help them blend into their surroundings

## Role-Play

Work in pairs. **Student A** is a zookeeper, and **Student B** is a visitor asking about the animals. *(use full sentences and provide detailed answers)*

1. What animals do you have in the zoo?
2. How do you take care of the elephants?
3. What do lions eat?

**Zookeeper - Student A:** Encourage students to use full sentences and provide detailed answers.

**Key:** There are no right or wrong answers, but students should practice using animal vocabulary and complete sentences.
