

## BATHROOM ETIQUETTE

### The Bathroom Adventure

Tommy the Tiger was known in the jungle school for his messy mane and untidy ways. One day, his teacher, Ms. Owl, announced a special guest speaker: Ellie the Elephant, an expert on bathroom etiquette. Tommy was curious but skeptical. What could be so special about using the bathroom?

Ellie started her talk with a smile, "Bathroom etiquette is important to keep our shared spaces clean and pleasant for everyone." She explained how to flush the toilet after use, wash hands thoroughly with soap, and wipe down the sink after brushing teeth. "Remember," she added, "Always use a toilet brush to keep the bowl sparkling, and don't forget to change the hand towel regularly."

Tommy listened intently. After the talk, he decided to put Ellie's tips to the test. He cleaned up after using the bathroom, making sure to flush, wash his hands, and wipe the sink. The next day, his friends noticed the difference. "Wow, Tommy! The bathroom is so clean now," said Leo the Lion. Tommy beamed with pride. From that day on, he became the jungle's champion of bathroom etiquette, proving that small changes can make a big difference.
