Teacher's Key

Read the details about Maria in the block to the Ss, normal speed. (Not too slow).

Mario's cousin, Maria, is a cashier. She works 8 hours a day, from 2 to 10:30 p.m. She has a 30 minute break at 7 p.m. She works 5 days a week, from Tuesday to Saturday.

Maria works 40 hours a week. She has two days off every week. This is her regular work week.

Ask Ss the following questions in a round-robin manner, but do *Not* give the answers yet:

1. Maria is a cashier. **T / F**
2. She works 8 hours a day. **T / F**
3. She works four days a week. **T / F**
4. She has a 15-minute break at 7 p.m. **T / F**
5. She has Saturday and Sunday off. **T / F**
6. She doesn't work on Monday. **T / F**
7. Her regular work week is 40 hours. **T / F**
8. Maria doesn't work on Sunday **T / F**

Read it again, a little slower this time. Ask the above questions again and see how many they get this time.
