

WEATHER

A. What's It Like Today?

Introduction

Weather affects everyone, every day. Some days are sunny, some are rainy, and sometimes we experience four seasons in one week! Let's explore how we describe weather and talk about it with others.

Discussion Questions

1. What's the weather like today?
2. What kind of weather do you like the most? Why?
3. Have you ever experienced extreme weather? What happened?

B. Weather Word Match

Match each type of weather with a simple description:

Weather

1. Sunny
2. Rainy
3. Windy
4. Snowy
5. Cloudy

Description

- White flakes falling from the sky
Strong air moving quickly
The sky is full of gray or white clouds
Water falls from the sky
No clouds, bright sky

C. Weather Survey

Find three classmates and ask them, "*What is your favorite type of weather?*"

Ask each classmate why they like that weather. Write their answers in the table below.

When everyone is finished, the teacher will discuss the results as a class.

Name	Favorite Weather	Why?
_____	_____	_____
_____	_____	_____
_____	_____	_____

D. Writing

Imagine your perfect weather day. Write 2–3 sentences about your perfect day.

Include: What the weather is like (sunny, rainy, etc.).
 What you do on this day.
 Where you are.

Example: My perfect weather is sunny and warm. I go to the beach and swim in the ocean. I feel happy because I love sunshine!

Teacher's Key

B. Weather Word Match

Match each type of weather with a simple description:

Weather	Description
1. Sunny	No clouds, bright sky
2. Rainy	Water falls from the sky
3. Windy	Strong air moving quickly
4. Snowy	White flakes falling from the sky
5. Cloudy	The sky is full of gray or white clouds
