

DO / DOES

Do / Does - Asking Questions!

Let's Learn Helper Words: Do and Does!

Read this passage to your students. Use gestures and point to the examples.

"Hello, everyone! Today we will learn about two very important '**helper words**': **Do** and **Does**. We use **Do** and **Does** to ask questions about things people do every day, or things that are true. Look!

- When we talk about **I, you, we, or they**, we use **DO**.
 - **Do** you like pizza? Yes, I do.
 - **Do** we go to school? Yes, we do.
- But when we talk about **he, she, or it**, we use **DOES**.
 - **Does** he play soccer? Yes, he does.
 - **Does** she like cats? Yes, she does.
 - **Does** it rain in summer? Yes, it does.

Remember, **Do** and **Does** are like keys that open the door to a question!"

Teacher's Questions (for Discussion / Warm-up)

Ask your students these questions. Encourage them to answer simply.
