Teacher's Choice

Choose one person.

Describe them without using:

man • woman • child • passenger

Can your partner guess who you mean?

Spot the Differences

Find all ten.

Now choose the three most interesting differences.

Explain why you chose them.

Who Are They?	Build the Story
Choose one person. Invent some information about them. • Where are they going? • Why are they travelling? • Who are they travelling with? • How long will they stay? • What are they worried about? Tell your partner.	Imagine the child is travelling with her family. What happened: Before the airport? At the airport? On the airplane? After they arrive? Create a short story together.

Role-Play

Choose two:

- passenger
- airport worker
- security officer
- family member
- airline employee

Create a conversation about a problem at the airport.
