

AT THE AIRPORT

© talkmor.com

Modern Air Travel

Discuss.

- What are the biggest advantages of air travel?
- What are the biggest disadvantages?

Think about:

- speed
- cost
- comfort
- pollution
- tourism
- international business

Discussion

Which is more important?

Airport Security

or

Passenger Convenience

Can airports have both?

Explain your opinion.

Look Beyond the Picture

The people in the picture are all travelling for different reasons.

Invent three different stories.

Person 1: business

Person 2: holiday

Person 3: visiting family

What might their journeys be like?

Airport of the Future

Imagine an airport in **2050**.

What will change?

Think about:

- check-in
- security
- luggage
- passports
- airplanes
- artificial intelligence
- robots

Choose 5 changes and explain them.

Brain Challenge

Your airport has money for only **three improvements**.

Choose:

- faster security
- more comfortable waiting areas
- better restaurants
- cheaper parking
- improved luggage service
- more flights

Explain your choices.

Opinion Writing

How Will Air Travel Change in the Future?

Write approximately **150 words**.

Give examples and explain your predictions.

Fast Finish

Create a slogan for the airport of the future.
