

AT THE AIRPORT

© talkmor.com

Airport Crisis

You are at the airport.

Your flight has been cancelled.

You have an important meeting tomorrow.

What do you do?

Work with a partner and create a solution.

News Report

Imagine there has been a major problem at the airport.

Choose one:

- hundreds of flights are cancelled
- the computer system stops working
- passengers lose their luggage
- severe weather closes the airport

Write the opening paragraph of a news report.

Debate

Choose a statement.

- Air travel should be more expensive to reduce pollution.
- Airports should use more AI.
- Passengers should pay for checked luggage separately.
- Long airport security checks are necessary.

Agree or disagree.

Give at least two reasons.

Design an Airport

Your group is responsible for designing a new international airport.

Decide:

- Where will it be?
- How many terminals?
- What services will it offer?
- How will passengers move around?
- What will make it special?

Present your airport to the class.

What Happens Next?

Look at the picture.

Choose one person.

Continue their story.

- One hour later... _____

- Three hours later... _____

- The next day... _____

Tell the story to the class.

Teacher's Choice

Which is the most important?

- safety _____
- comfort _____
- speed _____
- price _____
- customer service _____

Rank them **1–5** and explain your ranking.

One-Minute Challenge

Speak for one minute:

"The perfect airport would..."

No notes!

Final Reflection

Complete:

The most interesting person in the picture is...

The biggest problem with airports is...

One thing I would change is...
